

AboutUs:- “**SAGE METAL INDIA PRIVATE LIMITED (GLUHEND INDIA PRIVATE LIMITED)** is an international supplier of manufactured products and metal forming, casting, and stamping services to several industries, primarily the Power Grid/EWA, Plumbing Fixtures/Drainage, and Industrial markets. Sage has a significant presence in the United States, where approximately 40 per cent of its products and services originate; but also maintains large-scale manufacturing capacity in India.

Sage recently expanded its reach through the acquisition U.S. based Trident Components LLC, which is known for its metal casting, metal forming, and plastic molding capabilities; and Jayco Manufacturing, recognized for its metal forming, powder coating, rapid prototyping expertise.
