

About our client

Our client is the UAE's premier new and used car dealership putting world-leading car brands at the fingertips of our valued customers across the UAE. With an online inventory that includes cars from Ford, Jaguar, Land Rover, Ferrari, Lincoln, Maserati and Ford Trucks they are one of the biggest dealerships in UAE.

Requirement

Our client is hiring automotive technicians with dealership experience for their operations in UAE. Given below are the specifications pertaining to requirements and benefits.

Job Purpose:

To carry out effective and efficient repair and maintenance of customer vehicles following the approved manufacturers repair techniques.

Roles & Responsibilities:

- Collect job orders and the necessary materials/ tools/ equipment, to carry out the repairs and maintenance on the customers vehicles in accordance with the manufacturers repair techniques.
- Ensure accurate fault diagnosis and effective utilization of time allocated for the repairs. Report to Team Leader of any delays in repairs due to unavailability of parts or any other reason.
- Ensure all additional repairs are authorized; parts are booked to the repair order. In case of warranty repair/ parts exchange program, return removed part to the parts department in the same carton to facilitate audit processes and getting necessary credit if applicable. In the case of retail jobs keep the old parts inside the vehicle except batteries and parts which may cause stain on the interior trim/ carpet of the vehicle.
- Service personal tools, keep the lifts and work area clean and comply with the health and safety standards.
- Upgrade knowledge by regularly doing web-based courses and by attending classroom training.
- Keep all personal tools safe. Any breakages or accidents must be reported to the Team Leader / Supervisor immediately/Tool room for replacement.
- Ensure efficiency and productivity is maintained above 100%.
- Ensure proper clocking on/off in the system and do write up in the repair order as per the prescribed procedure.
- Any unused parts must be returned or stored properly as per company procedure. Used parts must be disposed of in an environmentally friendly manner.
- Working extra hours in case the job needs to be completed to ensure customer satisfaction as per Team Leader's requirement.

Qualifications & Experience:

- Diploma in Automotive Engineering; OR
- Industrial Technical Institute ITI (2 years vocational course) - Certified Auto Technician Course
- Mini 3 years' experience as a technician.
- Must be able to communicate fluently in English.
- Should be able to carry out all kinds of Mechanical Repairs including advanced diagnosing, trouble shooting of complex issues.
